

**Below is a letter from a Valley Falls couple who values our services.**

"To Whom It May Concern,

This letter is to recommend the Home Improvement Gallery, its products, Tom Nold, and his crew.

This summer the Gallery installed two new sliding glass doors in our home. We are very pleased with the way that they made our home much more comfortable, keeping out the heat much better than we ever imagined. Also we were impressed with the crew that installed them. They were here on time, worked efficiently and conscientiously. Tom made every effort to see that we were pleased with the product and its installation.

This fall we contracted the Gallery to install siding on our home. Again we were quite happy with the product, Crane Solid Core Siding. The crew who did the installation was as efficient as before! Being home all day, I can state that they were all polite and professional at all times. They arrived at an early hour and worked steadily (without even lunch breaks!) until time to clean up each day! At the end of the job, things were cleaned up well.

Tom Nold, as usual, has been eager to please us and ready to answer any questions! He has worked hard to make us happy and has dotted all the "I"s and crossed all the "T"s. Our satisfaction seems to be his utmost concern!

The siding looks beautiful, making our home look so fresh and clean!

We feel confident recommending The Home Improvement Gallery, Tom Nold and crew to anyone."

**Another satisfied customer said:**

"Great crew - worked right through lunch to get done in one day!"
