

DECK DRAINAGE SYSTEM

by MASON CORPORATION

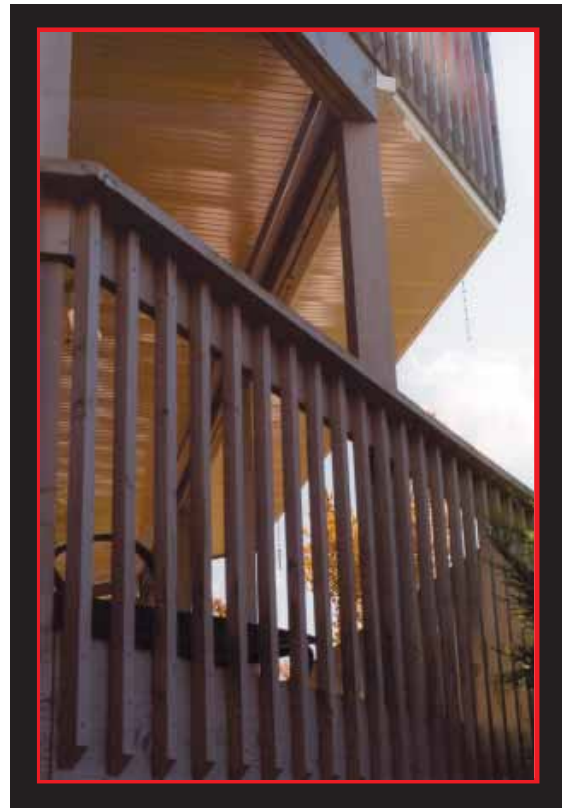

Install the Deck Drainage System from Mason Corporation and eliminate the drips and debris from above. What was once idle space is now the perfect spot for the new family hot tub, a great place to stay dry while it rains, or simply provide dry storage for valuable equipment. The cost is reasonable and provides more usable space to existing deck area. Add screening and you have a delightful outdoor, bug-free living room.

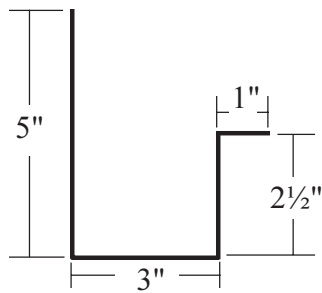

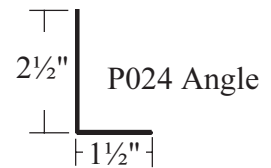

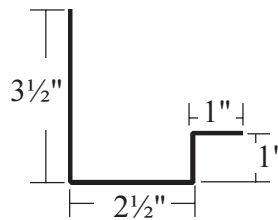

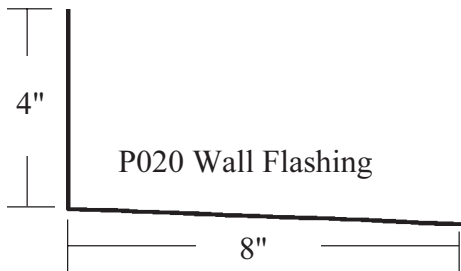

Benefits of Mason's Deck Drainage System:

- Versatile, customized units that will fit virtually every size requirement
- Low maintenance
- Adds value to your home by adding outdoor living space, or dry storage area
- Creates an attractive, flat ceiling that covers deck beams and flooring
- Available with baked-on white or ivory finish
- Structural pans made from steel or aluminum will not sag or bend
